You have your own learning style and schedule. Your bar prep should reflect that. ISAAC is the engine that creates your BARBRI Personal Study Plan (PSP). It's the difference between a "one size fits all" course and a "personalized specifically for you" experience. ISAAC takes over 50 years' worth of bar exam knowledge, and runs all of that intelligence through a proprietary algorithm. Why? So you can study smarter, not harder, and make the most of your time. The bar exam covers a lot of material, but here's a fact you might not know: Not every subject that can appear on your test is created equal. Some areas of the law are tested nearly all of the time, while other subjects are tested very infrequently.
